RATCHFORD'S APPEAL

President of the United Mine Workers Aroused.

HE SAYS THE HOUR HAS ARRIVED.

A Crisis Is Upon Us Which Must Be Met to Prevent Slavery and the Tortures of Famine—Call For a Great Labor Council—The Strike Situation Has Not Materially Changed.

FAIRMONT, W. Va., July 24.—M. D. Ratchford, president of the United Mine Workers of America telegraphed the following letter to Samuel Gompers, president of the American Federation of Labor last night at Washington:

"On the fair soil of West Virginia peaceable assemblage has been forbidden and free speech suppressed. A crisis is upon us which must be met if we would escape total slavery. The great mining strike now extends over five states; 150,000 miners, almost a million souls are involved. Public sentiment is overwhelmingly with us. Only the hollow, heartless sentiment of corporate capital, echoed by its vulgar parrot, the subsidized press, is opposed to us. The acute stage has been reached. This is no longer a strike for justice, but a struggle against starvation. Every atom of nobility in human nature impels us to rise to the emergency and by performing our duty as becomes men, rescue the miners of the country from the cruel grasp of bondage, and their wives and children from the tortures of famine.

"West Virginia is the field of action and here our forces must be converged. The miners here are eager, anxious to join in our movement for their emancipation, but are restrained by the fear of discharge and eviction. They are as much the property of the masters as were the black slaves before the guns of Sumter thundered the doom of chattel slavery. Here upon the soil made sacred by Thomas Jefferson and Patrick Henry, the slavery of labor has become universal. The patriotic cry of the impassioned Henry, 'Give me liberty or give me death,' is once more in order. The united hosts of organized labor must come to the rescue. The millions of sturdy craftsmen of our country must be aroused.

"I therefore call upon you in behalf of the straggling miners to convene all the chief executive officers of all nations at Wheeling, W. Va., on Tuesday July 27, for the purpose of meeting this crisis and achieving victory for the cause of labor. No duty which any labor official may have at this time is to be compared in importance to this great demand and it is therefore hoped and expected that each and all of them will attend in person. This is not the time to consider the differences between organizations, if differences there be, and no man who has our cause at heart will raise that question.

"The call to duty is to all organized labor and the chief executive of each organization is expected to give the conference the benefit of his personal presence. If this battle is won organized labor in every department will be immeasurably strengthened, but if lost, the cause will be set back at least 10 years.

"Never have the American people so unanimously supported a labor strike. Fully 80 per cent are with us and will support our cause to the end. This is the supreme opportunity to strike the blow for industrial liberty, and if ignored, the doom of labor is sealed and we trusted leaders must bear the odium of our cowardly inaction. The very presence of the combined leadership of labor in this state will waken the hosts to duty. The down-trodden miners will take heart, and as if by magic will stand erect and assert their rights as men. The unity of labor is all that is required to decide this contest in favor of the miners, in favor of justice and in favor of humanity."

CHIEF ARTHUR WILL NOT BE THERE.

Locomotive Engineers Sympathize With the Miners, but Can Not Aid Them.

CLEVELAND, July 24.—President Ratchford sent a message yesterday to Chief P. M. Arthur of the Brotherhood of Locomotive Engineers, requesting his presence at a conference of labor leaders to be held at Wheeling, W. Va., Tuesday. Chief Arthur replied as follows:

"I can not legally comply with your request."

Chief Arthur, in explanation, said that the rules of the brotherhood prevented his attendance and that his attendance might lead to a misunderstanding.

"The engineers have nothing to do with the strike," said he, "and while as individuals we sympathize with the strike, we can not as an organization aid them."

AMONG THE MINERS.

The Situation Has Not Materially Changed at Any of the Mines.

PITTSBURG, July 24.—The situation in this district has not materially changed. The efforts of the arbitration commission have been so far successful that a call for a meeting of operators on Tuesday next has been issued. It is signed by W. P. Dearmit, for the New York and Cleveland Gas Coal company; J. B. Zerbe, for the Ohio and Pennsylvania Coal company; E. Young, for M. A. Hanna & Company; George W. Schlendeberg, for the E. L. Robbins company, and other leading operators of the district. These names to the notice of a meeting is sufficient guarantee of the success of the gathering in point of attendance. W. P. Reid will also

be asked to sanction the signing of his name to the call. He is now in Chicago.

The Canonsburg region has produced no sensational features. The striking miners are still encamped near the Allison and Boone mines to persuade workers from going to work, but as the hearing in the injunction case was postponed until Monday there is little danger of any conflict at present because the mine owners have announced that their mines would remain closed down until after the hearing.

As far as the injunction is concerned, the strikers claim that it will have no effect as it restrains them from what they have no intention of doing. They say that they will molest no one; that they are content to wage a battle of peace and order, and that, as they have public sentiment on their side, they are bound to win. Should the injunction be made perpetual the operators, it is surmised, will make an attempt to resume work. If they do there will be trouble as long as there are any strikers in the vicinity of the mine.

There are vague rumors of a march on the mines of the New York and Cleveland Gas Coal company. There is no doubt among those in a position to know that such a move is contemplated, but just at what time is kept a profound secret.

While all this is going on the Turtle Creek, Sandy Creek and Plum Creek mines are working steadily and without interference. The employees claim that they will pay no attention to the strikers and want to be left alone. On the other hand the miners' officials claim that their organizers who have been at work in secret, have laid the foundation for a general laying down of tools when the proper time arrives. Much depends on the situation in West Virginia. If that section comes out the New York and Cleveland mines will naturally be the pivotal point.

IN WEST VIRGINIA.

More Miners Join the Strikers and the Leaders Are Hopeful.

FAIRMONT, W. Va., July 24.—The miners at Hite's mines are out as are also 40 others at the shaft, and it is reported that some are out at the New England mines. A successful meeting was held at Willow Tree schoolhouse yesterday afternoon by Debs, Ratchford and Mahon. Three hundred of the Monongah miners, accompanied by their wives and children, and preceded by a band, marched through the broiling sun to an intermediate point between Monongah and Fairmont, where they were met by a delegation of miners from Hite's and other mines. Monongah Coal company officials were also present.

Mr. Debs advised the men to march in a body to the other mines and endeavor to get them to come out, saying that he would tell them when the time was ripe.

Yesterday evening Debs, Ratchford and Mahon held a meeting, which was attended by about 1,700 people. The Monongah miners attended in a body, marching six miles through the country.

HALF A MILLION DOLLAR FIRE.

Peoria Grape Sugar Company Plant at Peoria, Illinois, Destroyed.

PEORIA, Ill., July 24.—The main building of the Peoria Grape Sugar company was completely destroyed by fire yesterday evening. The loss is \$500,000, the total insurance carried being \$400,000, of which nearly \$300,000 was on the burned building and contents. Negotiations have been in progress for some time for the transfer of the company to the new glucose trust, but it is not known here whether the deal has progressed so far that the loss falls on the new combine or the original company. The works are owned by a corporation, in which the Drake estate of St. Paul is the principal stockholder, with A. M. Drake as president, Levi Mayer of Chicago, vice president, and Samuel Woolner of Peoria, secretary and treasurer.

The fire broke out in the sulphur room, apparently with an explosion. The factory shut down Sunday because of the coal famine and only enough steam was made to keep the fire pressure. The sprinkler system worked promptly, but the explosion had filled the basement with flames and nothing could be done to stop it. The immense eight-story building, 170 by 70 feet, was a mass of flames in five minutes and was completely destroyed, the walls soon falling in. It contained a great deal of very valuable machinery, the vacuum pans alone costing \$75,000.

The dry storage house and warehouse across the tracks were saved or the loss would have been several hundred thousand dollars greater.

The works employed 400 men and used 15,000 bushels of corn a day. They will be rebuilt as soon as possible. Of the insurance \$175,000 was carried here and the balance in Chicago.

An Oil Agitation.

WABASH, Ind., July 24.—Since the discovery of oil at Peru local business men are agitating the drilling of a well in this city, and the prospect is that before the close of another week a fund will be established for sinking a well. Wabash is several miles nearer the Indiana gas field than Peru, but wells sunk in this vicinity during the natural gas excitement 10 years ago failed to develop more than a slight flow of gas, Peru getting none at all.

Mulatto Murdered.

JEFFERSONVILLE, Ind., July 24.—The body of a mulatto, well dressed, with a bullet hole through his forehead and his breast, two revolvers on his person, and a sword cane in his hand, was found at the mouth of Silver creek, on the river bank, last night. He had not been in the water and was certainly shot to death. His identity and other facts surrounding the case are mysterious.

HAVOC ON A STEAMER.

An Explosion Causes Death and Destruction.

FOUR MEN ARE ALREADY DEAD.

Three Others Are Thought to Be Fatally Injured and a Number of More Are in a Serious Condition—The Steamer Was Damaged About \$1,000—The Cause of the Disaster Remains a Mystery.

BRIDGEPORT, Conn., July 24.—At 6:30 o'clock yesterday evening a dreadful explosion occurred on the steamer Nutmeg State of the Bridgeport Steamboat company's line, while she was lying at her slip at the foot of South street, and as a result four men are dead, three others are thought to be fatally injured, and a number of more are in a serious condition. The steamer was damaged about \$1,000.

The dead are: Patrick Moran, killed instantly. Perry Connors, died while being taken to a hospital.

Jerry O'Connell, died at hospital. Unknown man, found dead in hold.

The injured are: Michael Reardon, burned about face and neck, internal injuries; not expected to live.

Patrick Glennan, deck hand, thought to be fatally burned.

Michael Maguire, probably fatally burned about face and chest.

Edward Lynch, burned about face and head.

John Hartwell, seriously burned on chest and arms and limbs.

John Connolly, burned about face and chest.

The men are all connected with the boat.

Immediately after the explosion an alarm of fire was sounded, but the fire was quickly extinguished and the firemen had little to do but to assist and care for the injured.

The stovedores were eating on the "sapper" deck, just over the hold, when the explosion took place, and the men were thrown in all directions against the woodwork. Two of the men were thrown overboard and were rescued uninjured, while none of the others escaped unharmed. The deck under the supper table was blown open 10 feet wide, while both sides of the boat forward of the gangway were torn into splinters.

A huge mass of fragments were scattered over the lower deck and as far back as the engine room all the carpenter work was wrecked. The interior of the dining room on the forecabin was completely demolished.

The officials are reticent as to the direct cause of the explosion. It was first alleged that lightning struck the boat, but was later ascertained that a deck hand went into the hold to light his pipe and it is believed that the lighted match in a closed forecabin caused naphtha vapor to explode. A coroner's inquest will be held.

A CONVICT'S STORY.

If It Is True It May Set Another Man at Liberty.

INDIANAPOLIS, July 24.—Noah Baney, a convict at the Michigan City state prison, has made a written confession, which if proved true, will have the effect of giving the Rev. W. E. Hinshaw his liberty. Hinshaw was sentenced two years ago to life imprisonment for the murder of his wife. The tragedy was enacted at Belleville, a few miles west of this city, and the trial of Hinshaw was one of the most sensational in the state's history.

According to Baney, the real murderers of Mrs. Hinshaw are John Whitney and Guy Van Tassel, both Indianapolis men of bad reputation. Baney's statement recites the details of the crime as told to him by Whitney and Van Tassel who, he says, drove from Indianapolis to Belleville in a buggy.

Baney says the purpose of the visit to the Hinshaw home was robbery, and that Mrs. Hinshaw was shot by Van Tassel, who shot to frighten her back into the house while she and her husband were pursuing them into the yard. Hinshaw's attorneys have held back a portion of Baney's confession for the present.

A Very Unfortunate Journey.

HARTFORD CITY, Ind., July 24.—John Thomas Garner, a stranger traveling from Galveston, Tex., to Elkhart county, this state, in a covered wagon, was struck by a northbound passenger train on the Lake Erie and Western road in this city last night, killing one of his mules and injuring its owner so badly he can not recover. A few weeks ago at St. Louis a street car ran into his wagon and killed his wife.

A Child Ate Concentrated Lye.

ENGLISH, Ind., July 24.—Pearl, the little 2-year-old daughter of Elmer Patee, a farmer of Perry county, a few miles south of this place, ate concentrated lye which her older sister gave her under the impression that it was licorice. The parents were absent, and by the time they returned and had summoned a doctor the child had passed beyond the physician's aid.

Differences Will Probably Be Settled.

ALEXANDRIA, Ind., July 24.—The employees of the Kelly Ax Manufacturing company refused to go to work yesterday morning, stating that the company will have to accede to their demands before they will resume. As the stock of axes are low and large orders are to be filled, it is thought that President Kelly will act liberally, and the factory will resume Monday.

REVIEW OF TRADE.

R. G. Dun & Company's Report on the Condition of Business.

NEW YORK, July 24.—R. G. Dun & Company's weekly review of trade says: The end of uncertainty regarding duties on imports gives greater confidence alike to those who have opposed and those who have favored the change. The great strength in stocks, particularly in those of the granger list, reflects assurance of heavy crops. The remarkable rise in wheat, notwithstanding that assurance, is based on heavy buying for export and belief that foreign demands will be large. To these must be added another element of confidence scarcely observed a week ago. The heavy increase in receipts of gold, whether from one side of the Alaska border or the other, swell deposits at the mints and in the banks of this country, and if the yield from new regions answers current expectations, it may have an influence akin to that of gold discoveries in California. The one retarding force, the strike of coal miners, has caused closing of a few manufacturing works for want of fuel, but negotiations for settlement are still pushed with hope.

The wheat market is the sensation of the month. Since July 2 the price has risen 12 cents by Wednesday, when a reaction of 4 cents was not surprising, but the close was five-eighths of a cent higher for the week. It is notable that this rise came in the face of highly encouraging crop news, which is not disputed, and had for support nothing but foreign conditions and demand. Actual buying for export has at times been heavy, and loading of cargoes here and in California for countries which usually contribute to European supplies greatly strengthens the impression produced by continental reports. That there is speculative handling behind the great advance is evident, and the buying for export has not yet resulted in Atlantic exports quite as large as last July to date, 4,632,440 bushels, flour included, against 4,961,746 last year. Western receipts, 5,252,271 bushels in July, against 10,275,257 last year, indicate concerted delay of shipments, which, however, rarely withstands the influence of a substantial rise. Corn exports are still heavy, 6,635,395 bushels in July, against 2,421,993 last year, which perhaps reflects more certainty than the wheat movement the actual conditions abroad.

Both because of the season and because of the pending action on the tariff, industrial operations are waiting and yet with an improvement which under such circumstances is significant. The half yearly production of pig iron exceeded that of the last half of 1896 by 756,655 tons, but outside the great steel companies there is little activity at this time, though they are increasing their output. The Illinois company has sold basic steel for export to Germany, a New York sale of hoops for export to Manchester is announced and additional orders for Pennsylvania iron bars to England. Bessemer pig is a shade lower, with other quotations unchanged, but the demand for plates, sheets, pipe and structural work is growing.

Minor metals are in better demand, tin at 13.95 and lead at 3.15 cents and copper is sustained at 11 1-8 for lake exports, though the June production was 19,633 tons, and for the half year 108,651 tons.

There is a general advance in boots and shoes, averaging about 1 1-2 per cent, with a larger demand as dealers lose hope of lower prices, but leather is unchanged, and hides at Chicago average 3 per cent lower.

The textile industries have lost no ground, as the curtailment of production in cotton for a time is really a gain. The demand has somewhat increased, but the accumulated stocks of goods must be reduced before impatience to buy can be expected. The demand for woollens increase as to low and medium grades, with reported large sales at advances of 5 to 10 per cent over last spring.

Speculative sales of wool continue large and prices are very strong, especially at the west.

Failures for the week have been 227 in the United States, against 281 last year, and 28 in Canada, against 29 last year.

DOCTOR ASSASSINATED.

Shot Down on the Street by a Man Who Afterward Shot Himself.

SAN FRANCISCO, July 24.—Dr. Donald MacLean, dean of the California medical college, was shot and seriously wounded on Vanness avenue yesterday afternoon by Patrick Walsh, a janitor, who subsequently committed suicide.

Dr. MacLean was walking homeward from the college when he encountered Walsh who taxed the doctor with having failed to fulfill a promise made some months ago, to aid him in securing the position of janitor at the college. The doctor denied that he was under any obligations to him, whereupon Walsh drew a pistol and shot him three times, producing serious wounds. Walsh then ran with a crowd in pursuit. After running for several blocks, Walsh put the pistol to his head and blew out his own brains. At the morgue it was found that he had written a statement to the effect that the doctor had lied to him and thereby driven the nails into his own coffin.

Dr. MacLean is 55 years of age and has a wife and three children.

Church Blown Down.

HINTON, W. Va., July 24.—A terrible rain and thunderstorm occurred in this city and county yesterday evening. The Episcopal church, one of the finest buildings in the city, was blown to the ground, together with several dwellings in the immediate vicinity. Crops are practically ruined.

CLOUDBURST DAMAGE

It Was Not So Great as First Reported.

THERE WAS BUT ONE LIFE LOST.

A Young Man Was Killed by Lightning While Standing Beside His Sweetheart. The Property Loss Will Be Great—Railroad Crossing Decision—A Woman Charged With Arson—State News.

YOUNGSTOWN, O., July 24.—The cloudburst that struck this town Thursday night was not as great a calamity as it was at first feared would be. The waters have entirely receded and a thorough investigation shows that there was but one life lost here during the storm.

Henry Moher, a young man, was calling at the home of a Miss O'Connor, to whom he was engaged to be married. Lightning struck a telephone wire, against which he was leaning, and death resulted almost instantly. Miss O'Connor was badly shocked, but will recover.

The Mahoning river rose two feet in an hour and washed away several bridges. Crab creek, an insignificant stream, rose 15 feet in an incredibly short space of time, doing great damage in the lower portions of the city. Homes were washed from their foundations and men, women and children were rescued from second-story windows.

Squaw creek park, a pleasure resort, near this city, was practically wiped out of existence.

It is estimated that the loss in this city alone will approach \$100,000.

A great loss of life was narrowly averted at the Spring Common footbridge. Men, women and children insisted upon remaining to watch the angry waters below in spite of the fact that the structure was unsafe. Finally two policemen with drawn clubs cleared the bridge, and none too soon, for a few seconds later the bridge was swept away.

Reports from the rural districts show that the farmers suffered greatly. In Trumbull county 15 barns were struck by lightning and burned. Crops were destroyed and buildings generally damaged, but no loss of life is yet reported.

A CROSSING PRECEDENT.

An Important Decision Rendered by Railroad Commissioner Kayler.

COLUMBUS, O., July 24.—Railroad Commissioner Kayler has made a decision that means much to the railroad interests and will no doubt establish a precedent in crossing disputes between electric and steam railroads. He holds that an electric road wanting to cross an established steam road must provide the necessary protection for itself and not interfere with the running of the steam road in any way.

The case in point is the dispute between the Cincinnati, Hamilton and Dayton and the Miami Valley Traction company at Trenton, Butler county. The traction company, being an electric, must put a derail on each side of the Cincinnati, Hamilton and Dayton track with levers so arranged that the conductor of the electric must stop his car and cross the steam track to work the lever.

Woman Charged With Arson.

PEORIA, O., July 24.—Mrs. Mary Lefler and her 11-year-old son are under arrest here on the alleged charge of setting fire to their household goods, which they had insured for \$500, about two weeks ago. Unmistakable evidence of coal oil was discovered in every room and closet, while the empty can was found on the mantle in the parlor. She strongly denies the charge for which she is being held. The prompt service of the firemen saved the house.

Escaped From the Reformatory.

MANSFIELD, O., July 24.—Ervin Shaw, 21, has escaped from the reformatory by a rope lowered from the window of the barber shop. He was sent up May 17 from Clinton county for stealing a horse and buggy. His wife, to whom he was married in the jail at Wilmington, O., and who was implicated in the affair, was sent to the penitentiary, but was pardoned by the governor. Shaw's parents live at Dayton.

Runaway Indians.

ALLIANCE, O., July 24.—Ferdinand Warren, Webster Galbraith and Samuel Paul are the names of three Indian boys under 16 years old captured by a big policeman while stealing a ride on a Fort Wayne freight train last night. They ran away from Carlisle (Pa.) Indian school two weeks ago. They will be taken back.

Convict Goes Crazy.

COLUMBUS, O., July 24.—William Patterson, serving an eight-year sentence in the penitentiary from Cincinnati since 1893, for robbery has gone crazy. He imagines his feet are on fire. He has been placed in the prison asylum.

A Woman Hanged Herself.

TIFFIN, O., July 24.—Mrs. John Green, living west of this city, committed suicide yesterday by hanging herself to a rafter in their barn. No cause is given, but it is supposed to be from poor health.

An Old Soldier and Editor Dead.

BATAVIA, O., July 24.—William H. Robinson, 57, a soldier of the late war and formerly editor of the Clermont Advance and Batavia Herald, died of heart disease and lung trouble

PROF. E. BENJAMIN ANDREWS, President
of Brown University, has tendered his
resignation because the trustees of the
institution censured him for advocating
free silver. They wanted him to keep
quiet on the money question, but the
Professor refuses to be muzzled.

The formal announcement of Mr. Albert
N. Huff as a candidate for Chief of Police
appears elsewhere. Mr. Huff has served
several terms as City Assessor, and has
made a very efficient and most faithful
official. He is one of Maysville's upright
and industrious citizens, and in every
way fully qualified for the office he seeks.

MR. JOHN G. ORNDORF, from some-
where, went to the Louisville goldite
convention under the impression that he
had a "chance" on the nomination for Ap-
pellate Clerk, but Col. Hindman carried
off the honor. Mr. Orndorf has since
waked up to the fact that he was thrown
down by his friends. Of course he didn't
lose much, but he and his close friends are
very sore over the way he was treated,
and threaten to get even.

The Richmond Climax offers up the
following prayer:

God, give us new leaders! We have
followed Cleveland, Carlisle, Watterson,
Buckner and Breckinridge for thirty
years. They would lead us still, but we
refuse to follow them further into the
camp of the destroyers. In other years
they were the people's friends. Lured
away by power and money from their
noble tasks of uplifting the masses, it is
no wonder their followers are few, fash-
ioned like unto themselves, and wedded
to their idol—gold.

SENATOR PETTIGREW, who recently left
the Republican party, is caustic in his
criticisms of the new tariff bill. In a
speech Thursday he announced his pur-
pose to vote against the conference re-
port, although he expected that the bill
in its present form, with all its iniquities,
would become a law. Its iniquities would
make it difficult to repeal, he thought, as
the favors it gave brought it such tre-
mendous strength that the Republican
party would be able to collect a fund of
\$20,000,000, \$40,000,000 or \$50,000,000 if
they needed it in order to carry an elec-
tion. He believed, however, that the
contest of the future was not on the
tariff, but that between Republican insti-
tutions and plutocracy. The Senator
closed with the declaration that when he
left the Republican party he left it for
good, and the "caucus dictation in behalf
of this iniquitous bill" had amply justi-
fied his action.

Old People.

Old people who require medicine to
regulate the bowels and kidneys will find
the true remedy in Electric Bitters.
This medicine does not stimulate and
contains no whisky nor other intoxicant,
but acts as a tonic and alterative. It
acts mildly on the stomach and bowels,
adding strength and giving tone to the
organs, thereby aiding nature in the per-
formance of the functions. Electric Bitters
is an excellent appetizer and aids
digestion. Old people find it just exactly
what they need. Price fifty cents per
bottle at J. James Wood's drug store.

COL. BOONE'S DREAM.

He Would Collect a Promotion Fund For
His Railway Scheme.

[Louisville Dispatch.]

Col. Albert E. Boone, the promoter of
the Black Diamond system of railways,
addressed a large number of the business
men and representative citizens of New
Albany at the Y. M. C. A. hall in that
city Thursday evening.

Col. Boone proposes to build two roads
into New Albany which will become a
part of the Black Diamond system, one
from a main line at Frankfort, Ky., and
one from Vincennes. His object in visit-
ing New Albany last night was to state
his plans to the people and secure their
co-operation in promoting the project.

The route of neither of the roads has as
yet been definitely determined and will
not be until the plans of the enterprises
are more fully developed. But the two
roads will be separate corporations, and
the work of promoting both projects will
be steadily and vigorously pushed toward
materialization.

Col. Boone's plan of securing a promo-
tion fund is by selling preferred stock,
which is divided into shares of \$5 each,
and it is claimed by so doing a very large
number of the people along the proposed
lines become directly interested in pro-
moting the project.

The work of thus securing a promotion
fund sufficient to make the preliminary
survey and pay other preliminary ex-
penses will be at once commenced, and it
is expected that in a very short time
routes will be definitely decided upon
and the surveys will be commenced.

CAUSTIC REPORT

Expected Against Superintendent Scott. of
the Eastern Kentucky Insane Asy-
lum at Lexington.

[Enquirer.]

LEXINGTON, Ky., July 22.—Following
the allegations of persons connected with
the institution, the Fayette County grand
jury began on Monday an investigation of
the affairs of the Eastern Kentucky In-
sane Asylum, which will culminate on
Saturday, it is said, in a very caustic re-
port, and possibly something more,
against Superintendent W. T. Scott.

It is alleged that Dr. Scott has over-
stepped the limits of sound judgment in
the management of the institution, and
has so decreased the supplies for patients
that they are not alone improperly
clothed, but so scantily fed as to create
unnecessary suffering. The probing of
the grand jury into this matter has been
deep, and its findings have, it is said,
been sensational.

Though the grand jury's investigations
and intentions are secret, the Enquirer
has it from a thoroughly reliable source
that the result of the investigations will
make it imperative that Governor Brad-
ley remove his brother-in-law as Super-
intendent, as was recommended in a re-
port of the Commissioners last winter.
Inspector and Examiner Lester will be
here on Saturday to add testimony to the
mass already collected.

DR. TALMAGE

Denies Rumors of His Intended Removal To
Chicago.

DES MOINES, IOWA, July 22.—Dr. T. De-
Witt Talmage was asked to-day: "Is the
report true that you are dissatisfied with
Washington, and that you will not return
in the autumn, and that you will proba-
bly go to Chicago?" Mr. Talmage re-
plied: "No that story from top to bottom
and from stem to stern is a falsehood. I
have no idea of leaving the church in
Washington. Everything is satisfactory.
The congregation and myself are in per-
fect harmony. The attendance was larger
last year than ever before, and many
more people desired to worship with us
than could be accommodated. The
church has met all its obligations to me.
My relations to Dr. Sunderland in the
copastorate are completely happy. I ex-
pect to live and die in Washington. I
will be in my pulpit the second sabbath
in September, Providence permitting."

FREE TURNPIKES.

Bourbon County Purchased the Last Mile,
Making 350 In All.

PARIS, KY., July 22.—Col. W. W. Bald-
win has sold to Bourbon County that
part of the Maysville and Lexington
turnpike lying in the county for \$25,000.
There are eighteen miles.

This makes all the pikes in Bourbon
County, 350 miles, free.

The Maysville and Lexington pike was
a hobby of the great commoner, Henry
Clay. In 1873 he had a bill passed
through Congress to build this as a na-
tional pike, and to run from Zanesville,
O., to Florence, Ala., but the President
vetoed the bill, and Mr. Clay, being so
determined to have it built, organized a
stock company and constructed the road.

Mrs. LAURA E. GRIMES, wife of L.
Grimes, and a native of this county, died
at Youngsville, O., a few days since, aged
fifty-three.

Mr. A. M. J. COCHRAN qualified Friday
as committee of F. C. Petry, with Robert
A. Cochran, James H. Cochran, W. D.
Cochran and Horace J. Cochran as sure-
ties.

THE four-months-old child of Mr. and
Mrs. John Cobb, of Springdale, died
Thursday night, of meningitis. The re-
mains were interred Friday afternoon at
2 o'clock at Bethany.

THE Brooksville Review says: "The
freight traffic on the Brooksville railroad
has reached such 'enormous' proportions
that the company are unable to handle
it with one engine and in order to handle
the business another engine has been
put on the road."

SUTHERLAND'S Eagle Eye Salve cures
sore eyes, styes and granulated lids. It
strengthens weak eyes in both old and
young. It allays all inflammation. It
gives a pleasant feeling about the eyes
and makes the vision clear and distinct.

When you see Murphy, the jeweler's
stock of "diamonds" and "gold watches,"
you will be convinced that he carries the
"largest" stock. When you learn his
prices you will be convinced that his
prices are "lower". He never "misrep-
resents goods." All are "warranted."

Rev. F. M. TINDER, of Mayslick, closed
a meeting at Mt. Carmel Wednesday
night with twenty-six additions to the
Christian Church. He will preach at
Mayslick to-morrow at the usual hours.
On August 30th he goes to Campbells-
burg, Ky., to assist Rev. Geo. H. Farley
in a meeting.

OWENTON News: "Mr. J. H. Cunning-
ham, who was in Louisville last week
says every Hannacrat, had a hand full
of delegate badges and was importuning
everybody they saw to take a badge and
go to the convention. He thinks there
were not 100 regularly accredited country
delegates in attendance. As a fake it was
a howling success."

At the recent meeting of the North-
eastern Kentucky Medical Association at
the Olympian Springs, Dr. Martin, of
Cattlettsburg, was elected President and
Dr. Adamson, of this city, Secretary for
ensuing year. Upon solicitation of Drs.
Reed and Ricketts, of Cincinnati, the
next meeting will be held in that city
some time in January.

Mrs. WARREN SMITH, daughter of Rev.
Dr. Rand, of Lexington, for many years
Presiding Elder of the Southern Metho-
dist Church, was sent to the asylum
Thursday afternoon. The affliction of
Mrs. Smith is very sad, indeed, and is a
great shock to her friends. She has only
been married a short time. Dr. Rand
was formerly pastor of the M. E. Church,
South, this city.

THE Court of Appeals had 2,000 unde-
cided cases on the docket last January.
The Judges worked very hard and cleared
off 200 cases up to the July adjournment,
but Judge Burnham does not see how
the court will ever catch up or keep up
with the procession, unless the next
Legislature raises the appellate jurisdic-
tion to \$300, as recommended by the
Governor in his last message.

Claim Civil Service Protection.

At Louisville the physicians who were
appointed on the Board of Pension Ex-
aminers under Cleveland's administra-
tion are holding on and some difficulty
may be experienced before they can be
ousted, and the new board appointed
several days ago by the McKinley admin-
istration put in, says the Commercial.
The old board are resisting all efforts to re-
move them, and will in all probability
contest the appointment of a new board.
The old board claim that they are un-
der civil service classification and can not
be removed. Nothing official as yet has
been given out about the matter, but it is
thought that a test will be made in the
courts before the present board give way
to the new.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City,
Ill., was told by her doctors she had con-
sumption and that there was no hope for
her, but two bottles Dr. King's New Dis-
covery completely cured her and she says
it saved her life. Mr. Thos. Eggers, 139
Florida street, San Francisco, suffered
from a dreadful cold, approaching con-
sumption, tried without result every-
thing else, then bought one bottle of Dr.
King's New Discovery and in two weeks
was cured. He is naturally thankful. It
is such results, of which these are ex-
amples, that prove the wonderful efficacy
of this medicine in coughs and colds. Free
trial bottles at J. James Wood's Drug
store. Regular size 50c. and \$1.

Still Coining Some Silver.

The coining of silver bullion pur-
chased under the Sherman act of 1890 is
still going on. During the last fiscal
year 21,200,000 standard dollars were
minted. The seigniorage profit to the
Government was \$6,336,000. Since the
issue of the Sherman notes to purchase
silver bullion in 1890—and there were
about \$155,000,000 issued—the depart-
ment to date has retired or supplanted
some \$40,000,000 of the notes with stand-
ard silver dollars coined from the bullion
purchased. Only when banks or indi-
viduals send on Sherman notes to the
treasury and request them to be ex-
changed for silver dollars can the notes
be retired.

CYCLE NEWS.

The Chainless Bicycle Will Be the Style Next Year—What Is Going On In Local Wheeling.

Miss Louise Alexander has joined the cyclers.

Henry Gabby wheeled to Elizaville Wednesday.

Some of the Flemingsburg riders were in this week.

Henry Crawford, of the West End, is riding a "Blue Grass."

Russell and Nicholson are making night runs with the tandem.

Mr. Bert Pearce left for Ruggles Camp Ground on his wheel Thursday.

Henry Ray made a sale of one of his pretty "Bellas" wheels this week.

Mr. Harry Fitzgerald, of Covington, who is visiting in our city, has joined the jolly cyclers.

The park is the place to enjoy yourself. Come up and see some of Maysville's trick riders.

Willett and Deiner are still among the fast riders. The boys will make another century run soon.

A crowd of our cyclers will leave the P. O. corner at 5 o'clock sharp for Ruggles Camp Grounds Sunday morning.

Miss Carrie Hill, of Aberdeen, was the guest of friends Wednesday and also joined in the cycling sport with some of our riders.

Henry Ray left Friday at 2 o'clock to meet our cyclers coming from Augusta. Henry had the pleasure of meeting the rain and hail first.

Mr. Kennard Stone, of Mt. Gilead, came in this week and rode one of the Frank Owens Hardware Co.'s "Blue Grass" wheels home.

Dodson and Darnell wheeled to Flemingsburg Sunday. The boys missed the rain, but Tom was seen coming down the hill with his wheel on his shoulder. Only a puncture and no repair outfit.

The party of cyclists who went to Augusta this week had the best grade of wheels ever ridden by any party. It was remarked by all that Maysville people ride good wheels. There were 11 Victors at \$100, \$1,100; 5 Clements at \$75, \$375; 3 Columbias at \$50, \$150. Total, \$1,625. Can any city beat it?

The following riders took the steamer Conrier to Augusta Friday morning and wheeled back: Mr. and Mrs. William Cox, Mr. and Mrs. Sam Hall, J. T. Kackley and wife, Mrs. Dr. Smoot, Mrs. Robert Cochran, Miss Roberta Cox, Miss Mary Hall, Lloyd Watson, Walter Watson, Miss Bessie Scott, Misses Nepple and June Pelham, Jim Mills, Stanley Reed and John Scott.

NEW YORK, July 22.—Three prominent bicycle manufacturers sailed for Europe to-day by the steamer Fuerst Bismarck, and it is said that their mission has to do with the style of next year's wheel, which it is expected will revolutionize the pres-

ent make. The men were Colonel A. E. Pope, M. L. Bridgman and A. G. Spalding. They were accompanied by W. A. Reading, a patent attorney. It is said that when the men return they will bring back a patent for a chainless wheel, which will be the characteristic feature of the make of 1898.

MASSAGE at St. Patrick's Church at 7, 8:30 and 10 a. m. Sunday.

MYRA ALLEN was appointed postmaster at Hooktown, Nicholas County, Friday.

'SQUIRE GRANT was taken quite ill early this morning, but had rallied somewhat at 10 o'clock.

REV. S. D. DUTCHER left for North Middletown this morning to assist Rev. W. T. Donelson in a protracted meeting. He will probably visit his parents at Elden, Mo., before returning.

PREACHING at First Baptist Church to-morrow morning and union services at night. The pastors of the other churches with their congregations will be cordially welcomed. The public invited.

REV. W. P. FIFE, the well known evangelist, will be at the Mt. Olivet camp meeting which commences to-day and continues until August 10th. Rev. Dr. H. P. Walker will also be present.

AN orchestra will furnish music at Martin Bros.' ice cream and soda parlors this afternoon and evening. The soda and cream served by this popular firm is delicious and not surpassed anywhere.

MR. S. A. PIPER, President of the First National Bank, whose illness has been mentioned, remains in an extremely critical condition. His case is regarded as hopeless, and his death is expected at any moment.

The hail storm Friday afternoon did considerable damage. Fortunately it lasted only a few minutes. Some of the stones were very large. At Cox & Son's green house about 500 panes of glass were broken. Dieterich & Bro.'s green house was damaged but very little. The storm was very heavy in Charleston Bottom and injured corn, tobacco and melons considerably.

River News.
The snagboat, E. A. Woodruff, passed down this morning.
Additional rains reported at headwaters, and another rise is expected.
The Resolute passed down last evening with twenty empty barges for Greenville, Miss.
The elegant new Queen City passes up to-night for Pittsburg, and the Bonanza for Pomeroy. Stanley down Sunday.
The Iron Age has started from Pittsburg with twelve barges rails, John Moren with three barges wire nails and Fallie with three barges cotton ties.
Does it ever pay to buy any cheap stuff in the jewelry line? You know it doesn't. Ballenger carries no "trashy" jewelry. His stock is the best to be had. Goods warranted.
FIRE INSURANCE.—J. C. Everett.

We Must Make Room.

In anticipation of a big Fall trade and realizing that goods pertaining to our lines will advance (a great many have already) we bought early and largely. We are already beginning to receive shipments; moreover,

IT WILL NOT BE LONG BEFORE OUR GREAT LINE OF MEN'S SHOES WILL COME IN

so you see we must make room. Now if you will look in our windows and see the line of Suits we are offering at \$10 you will assist us in making room. All of our fancy Cheviot Suits in checks, plaids and stripes—Suits that we sold at \$18, \$16.50 and \$15—go in this sale. No house in the State ever did or ever will offer a line of Suits like these for the price,

\$10

It is the greatest sacrifice sale we ever made, but as our patrons will be benefitted and it secures us room and money, we will only be too glad to have you take advantage of this sale. We have no room to quote prices on more medium grades, but the entire stock will be sold at proportionate prices. Please bear this in mind:

NO SUIT WILL BE SENT OUT ON APPROVAL AND NO SUIT WILL BE CHARGED—ONLY CASH WILL BUY THE GOODS DURING THIS GREAT SALE.

Money, however, will be cheerfully returned if goods don't suit upon home examination.

TORTURE AND ROBBERY.

Six Masked Men Perpetrate a Brutal Outrage in West Virginia.

WHEELING, July 24.—News has just reached here of the torture and robbery by six masked men on Tuesday night of Mrs. Shrove, 60 years old, who lived alone near Smithfield, in the Sistersville oil region. The men tied the old lady up by the thumbs, beat her cruelly with switches and burned her feet with candles.

She then told them where \$1,500 was secreted. The robbers secured the money and left. Mrs. Shrove had \$5,000 in gold hidden in another part of the house, which the men failed to get. The woman may not recover from the effects of her injuries.

Three Railroad Stations Abandoned.

SCOTTSDALE, Ind., July 24.—The agents of the Pittsburgh, Cincinnati, Chicago and St. Louis Railway company at Austin, this county, and at Retreat and Langdon, Jackson county, small stations between here and Seymour, have been removed. It is said that the company made the move to lessen expenses, as this division of the system is not paying well lately.

Hundred and Twenty Persons Drowned.

LONDON, July 24.—A despatch from Singapore says that the Chinese steamer Srihengann bound from Singapore for Malacca with 100 passengers, was wrecked in a squall off Malacca on June 19. One hundred and twenty persons, including the captain of the steamer, were drowned. The remainder of the ship's company were rescued by a passing steamer.

PLUMVILLE.

Mr. S. B. Bean is quite ill. Miss Ada Daily, of Maysville, is a guest of Miss Della Marshall.

Mrs. Annie Showen, of Reeterville, is teaching a class in instrumental music at this place.

Mrs. A. L. Redman and daughter are at home after a pleasant visit to relatives at Logan's Gap, Ohio.

Stephen Valentine and grandson, C. R. Mattingly, spent several days with friends at Bradyville, Ohio, the first of the week.

A. L. Redman has returned home after a pleasant visit with relatives and friends at Flemingsburg, Helena and Mayslick vicinity.

MT. GILEAD.

A little child of Turner Buchanan is quitesick. Dr. Bane, of Tollesboro, is now located at Mt. Gilead.

Blackberry picking has been the rage for a week past.

John Lukins and wife visited the Misses Morehead last Sunday.

Jewel Rice will teach at Wedonia and Prof. Kay at Lewisburg.

W. B. Tully and family visited relatives at Mt. Gilead Sunday last.

J. D. Becket sold his crop of tobacco at 8 cents all through last week.

Miss Lula Bramel, of Orangeburg, gave us a pleasant call Thursday.

John Pollitt will teach the Mt. Gilead public school this coming term.

J. D. Vance, of Mt. Carmel, honored our village with a call last Saturday.

Hay harvest is about over. The crop has been good although quite weedy.

Rees Green sold his crop of about 10,000 pounds of tobacco at 7 cents all around.

Miss Kate Morehead is visiting the family of Mr. Jas. Frances near Flemingsburg.

Mrs. Mamie Foxworthy, of Forest avenue, is visiting the family of Mrs. Nan Dolyns.

The oats crop was very short, probably not more than one-half of it got high enough to be cut.

G. T. Barker, Fleming County's next Representative, passed through our village one day last week.

William Goodman, who has been quite ailing for the past month or two, is very much improved.

J. D. Bramel is experimenting with a new appliance for keeping clocks off the tobacco while plying.

Geo. Wallingford, son of Mrs. Judith Wallingford, died Friday morning, July 17th, of consumption.

Corn is selling at 30 cents per bushel, and from present indications this vicinity will have none to sell another year.

The Misses Marshall, Miss Belle Wallingford and Master Charles Marshall, all of Mt. Carmel, visited the family of J. B. Bradley this week.

Mr. John Howard has been on the sick list for a few days, but through the skillful treatment of Dr. Bane he is now able to be about again.

Amel Herley has bought of P. J. Murphy quite a number of improved blackberry scions and will enter extensively into their cultivation.

A young man named Ferran, whose parents live near Foxport, was found lying on the floor of his bed room dead last Thursday morning. Cause of death unknown.

What is the matter with Tom Davis' eyes? The same distress wagon started out by Grover Cleveland, Tommy has mistaken for the promised McKinley prosperity wagon. My friend, rub the prejudice out of your eyes.

This vicinity has had almost no rain since May, in consequence of which all vegetation is much parched. Gardens especially have suffered. Corn and tobacco are doing no good and in fact unless we have rain within a few days tobacco will be almost a total failure.

Mrs. Virginia S. Cook, of Mt. Carmel, died Tuesday morning, July 13th, 1897. She was taken sick on the Wednesday preceding her death but was not thought to be seriously ill until Sunday when she was paralyzed, after which she sank rapidly until the end came calmly and peacefully on the following Tuesday. Mrs. Cook was one of the noblest of women. In every relation of life she did what she conceived to be her duty. As a neighbor, she was kind and obliging; as a wife and mother she was tender and loving and in her relation to the church of her choice she was ardent, liberal and in every way consistent with its teaching.

GERMANTOWN.

Very hot and dry and vegetation is suffering. Mrs. Alice Dora and children, of Maysville, are visiting relatives near Bridgeville.

Miss Glenn Pelham and mother of Portland, Ind., arrived this week on a visit to Mrs. Fowler.

Henry Lloyd, from the University of Chicago, is at home on a visit, as also is his sister, Miss Alice, principal of Richmond Female Academy.

Mrs. Martha Walton started on Friday to spend some weeks at Glen Springs in Lewis County. She will be accompanied by Mr. H. T. Lloyd, of Chatham, and Mrs. Whilps and Miss Ida Walton, of Covington.

The continued stealing of rose bushes and other plants from the cemetery lots that has been carried on this spring is a shame to any community, and a good evidence of the old Methodist doctrine of "total depravity." It is to be hoped that the perpetrators will yet be caught up with.

A Great Book Free!

When Dr. R. V. Pierce, of Buffalo, N. Y., published the first edition of his great work, The People's Common Sense Medical Adviser, he announced that after 60,000 copies had been sold at the regular price, \$1.50 per copy, the profit on which would repay him for the great amount of labor and money expended in producing it, he would distribute the next half million free. As this number of copies has already been sold, he is now giving away, absolutely free, 500,000 copies of this most complete, interesting and valuable common sense medical work ever published—the recipient only being required to mail to him, at above address, twenty-one (21) one-cent stamps to cover cost of mailing only, and the book will be sent postpaid. It is a veritable medical library, complete in one volume. Contains 1008 pages, profusely illustrated. The free edition is precisely the same as that sold at \$1.50 except only that the books are in strong manilla paper covers instead of cloth. Send now before all are given away.

SENATE NEARING AN END.

A Vote on the Tariff Bill Will Be Taken Before Night.

WASHINGTON, July 24.—The final vote on the tariff conference report will be taken in the senate at 3 p. m. this afternoon. An unanimous agreement to that effect was reached in the senate late yesterday afternoon after an exciting and dramatic debate. The proposition for the final vote came most unexpectedly from Democratic sources, the senior senator from Alabama, Mr. Morgan, presenting it. It was greeted with shouts of "good, good," from senators on the Republican side, who for the first time saw the path clear for the final enactment of the tariff bill.

Mr. Morgan's proposition was coupled with one that the senate meet at 10 a. m. in order that speeches may be heard before the vote is taken. This was accepted as a whole, and the agreement was formally announced. Mr. Morgan expressed profound reluctance in submitting the proposition, but said he recognized the right of the majority to register their will.

In the House.

WASHINGTON, July 24.—The house held three sessions yesterday, but transacted no business. When the regular session assembled at noon a recess was taken until 5 o'clock, as it was expected the senate would take final action on the tariff bill. At 5 o'clock the house adjourned until 8, and then for the day.

General Plister Sees the Logan Monument Unveiled.

CHICAGO, Ill., July 22nd, 1897.

Editor of Bulletin: I just returned from the unveiling of the General John A. Logan's monument, in the presence of the hero's widow and her sons and grandson. The latter named after his father and only five years old lifted the veil amidst the shouts of nearly a million of soldiers and civilians and the firing of cannons. Fifty vessels made a grand display on the waters of Lake Michigan, by hoisting hundreds of the stars and stripes on the topmost masts of the vessels, saying thereby we want to honor the great statesman and hero too.

When John A. Logan's regiment passed by with 20,000 other soldiers of the Grand Army and viewed by nearly a million of citizens such a shout as shook the atmosphere! The earth seemed to reek, and you people of Maysville who heard the echo thought it thundered, and so it did and such a thunder I never heard and never expect to until we are all summoned to the judgement bar.

I was honored with a seat on the speaker's stand. Shook hands with the hero's widow and also with General Alger. In conversation with W. J. Dowel, who held the tattered and torn old flag in his arms, he said he would not take all the silver money in the world at 10 to 1 (Bryan's money), neither would one million of gold buy it. He also said "I sometimes get a little tight, but I told my wife that I would never drink another drop of liquor in her life." I said, "Bless the Lord and may be enable you to keep sacred that pledge. I never in my life even tasted liquor, so give me your hand," and with tears in his eyes we shook hands. Yours, CHARLES FURSTER.

WILLIS MEREDITH, County Clerk of Edmonk County, has left for parts unknown, and it is alleged he is short \$720 in his accounts.
